It all begins in the blood.

Ike Pauli, M.D., president of one of the largest and most-respected pediatric groups in San Antonio, Texas, has faithfully served two hospitals as chief of pediatrics and teaches at two different universities. He is a faithful servant of God and brings new insight to a vital part of our Christian experience: the blood of Christ. He weaves the spiritual and medical aspects of the blood.

*“For the life of the flesh is in the blood: and I have given it to you upon the altar to make an atonement for your souls; for it is the blood that maketh an atonement for the soul.”*

- Leviticus 17:11

Dr. Pauli learned more and more about the blood as his time in the medical field advanced. Most diseases are diagnosed by examining the blood, and most medical treatments come through the blood. The blood is a wondrous substance that contains the healing properties of the body, provides protection for the body,

Is China Preparing to Start  
a War with America?

Resisting China’s attempt to  
reshape and dominate the world is  
the challenge of our generation.

China has been worried about getting into any war because they feel their army is not adequately prepared. Because China has not been in any real war in a very long time, they are spending a great deal of time and money to make sure their army is ready when they need to be. Agencies have been reporting that China has discovered a super-soldier formula through the capabilities of genetic engineering. A U.S. government official claims this is exactly what is happening.

Ratcliffe’s article, cited in an *NBC* report, outlined his belief that China is the greatest threat to the United States in terms of military and economic power.

Ratcliffe’s concerns build on theories raised in 2019 about China’s capabilities with CRISPR, particularly after Chinese researcher He Jiankui used *CRISPR-Cas9 gene editing* to alter the DNA of embryos for seven couples in 2018. Although international outrage resulted in Jiankui’s incarceration in China, Ratcliffe suggested the Chinese government would attempt to

“For the word of God and the testimony of Jesus Christ” — Revelation 1:9

Dr. John Barela

“For verily I say unto you, That many prophets and righteous men have desired to see those things which ye see, and have not seen them; and to hear those things which ye hear, and have not heard them.”

— Matthew 13:17

Beloved Fellow Heir in Jesus Christ,

Thank you for your faithfulness to our Savior and His people around the world. It is so difficult for us to even imagine how anyone can not know the wonderful grace of our Lord Jesus. We count it a privilege that the Lord Jesus has blessed us and our friends so much through you. We always think special thoughts of you and wish you precious quiet moments to reflect on all the ways God has blessed your life. It is so comforting to know that the Creator of the World, our Lord Jesus, Who upholds ALL things by the Word of His power, allows us to thank Him for you and to pray that He will fill and inspire you always. Our lives are His masterpieces. Let’s continue to praise Him together and bloom where we’ve been planted.

2020 is a year that most are glad it is past and 2021 is not a year for wringing hands. It is a year for joyful expectation. Bad things are happening in the world, but so are good things. For everyone in Christ, a great day will shortly dawn. Knowledge of the soon coming of Christ does not relieve us of the responsibility to fix what we can in the world now. Instead of making us complacent, it urges us forward to “work while it is day.” For those who love the appearing of our Lord Jesus, we have much to be grateful for, especially to be living in these very exciting days. The prophets of old would have traded places with us in a New York second.

They looked to it as a time when the hopes of the world would be fulfilled, and when the righteous would be happy. It is written in John 8:56 that “*Abraham rejoiced to see my day, and he saw it and was glad.*” This is how we should understand the times in which we live and appreciate that God will soon fulfill his promise to us in John 14:1-3, “*Let not your heart be troubled: ye believe in God, believe also in me. In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also.*” That is what our Lord Jesus wants us to focus on.

So Isaiah and the prophets looked forward to the coming of the Messiah as the consummation of their wishes and the end of the prophecies. And our eyes should likewise be turned to God’s promises of which you and John Barela will be a part of. It is written in **Revelation 19:11-17**, “*And I saw heaven opened, and behold a white horse; and he that sat upon him was called Faithful and True, and in righteousness, he doth judge and make war. His eyes were as a flame of fire, and on his head were many crowns; and he had a name written, that no man knew, but he himself. And he was clothed with a vesture dipped in blood: and his name is called The Word of God. And the armies which were in heaven followed him upon white horses, clothed in fine linen, white and clean. And out of his mouth goeth a sharp sword, that with it he should smite the nations: and he shall rule them with a rod of iron: and he treadeth the winepress of the fierceness and wrath of Almighty God. And he hath on his vesture and on his thigh a name written, KING OF KINGS, AND LORD OF LORDS. And I saw an angel standing in the sun; and he cried with a loud voice, saying to all the fowls that fly in the midst of heaven, Come and gather yourselves together unto the supper of the great God.*” The object dearest to the hearts of all righteous people is to witness the coming and advancement of the kingdom of Christ and to live in the presence of our Lord Jesus forever – *it doesn’t get any better than that.*

We live in a time of global turmoil, but those who are IN Christ do not enter that time unequipped or powerless. We come preaching the Gospel of Christ. According to Romans 1:16, the Gospel is “*the power of God for salvation to everyone who believes.*”

**God is all-powerful!** Another word is “omnipotent.” Because the Gospel is “*the power of God for salvation to everyone who believes,*” the Gospel goes forth in the omnipotence of God. It goes forth from our lips, our pens, social media accounts, and the rest. And it changes people at the heart level. *That’s power!*

THE GOOD NEWS:

**GOD LOVES YOU!** The Bible says, “*God so loved the world that He gave His one and only Son, that whoever believes in Him shall not perish, but shall have eternal life*”

**1. The problem is** ... All of us have done, said or thought things that are wrong. This is called sin, and our sins have separated us from God. The Bible says “*All have sinned and fall short of the glory of God.*” God is perfect and holy, and our sins separate us from God forever. The Bible says “*The wages of sin is death...*” (Romans 6:23)

**2. The good news is** ... about 2,000 years ago, God sent His only Son Jesus Christ to die as payment for our sins. Jesus rose from the dead and now lives in heaven with God His Father. He offers us the gift of eternal life -- of living forever with Him in heaven if we accept Him as our Lord and Savior. Jesus said “*I am the way, the truth, and the life. No one comes to the Father except by Me.*” (John 14:6)

**3. If you want to ask Christ to forgive your sins and be your Savior,** and know for sure that you will go to Heaven, you can pray this prayer right now.

*“Lord Jesus, I believe you are the Son of God. Thank you for dying on the cross for my sins. Please forgive my sins and give me the gift of eternal life. I ask you into my life and heart to be my Lord and Savior. Help me to TRUST you and make you Lord of my life! Show me how to follow You each and every day. In Jesus name I pray, Amen.”*

If you prayed this prayer, the Bible (God's Word), tells us that when you pass away or when Jesus returns again, you will be saved and spend eternity with Jesus Christ! If you prayed this prayer today, call and let us know.

The devil tells God’s people that a low bank balance, or the politics of the day, or a physical weakness, makes them impotent. Just the opposite is true! In Luke 21:15, Jesus said to His disciples, “*For I will give you a mouth and wisdom, which all your adversaries shall not be able to gainsay nor resist.*” After our Lord’s resurrection, in John 20:21, our Lord Jesus told His disciples, “*Peace to you! As the Father has sent Me, even so, send I you.*” Think about that. He passed to us His commission from the Father!

Notice that he placed his confidence — not in a system, or an institution — but in the person of our Lord Jesus Christ. He knew in whom he believed. And thus, he walked in confidence. So can you.

Many of us have lost friends to COVID-19. 2020 left countless numbers unemployed as many small business owners were forced to shut down their businesses. Suicide rates have gone up and churches were forbidden to have public services. Families were forbidden to come together for traditional gatherings and children were unable to go to school. Our country is still spinning from the most controversial election we have known. With all of this in mind, God always has before us, the blessed hope of the believer – the glorious appearing of our great God and Savior Jesus Christ. It is written, Luke 21:28, “*And when these things begin to come to pass, then look up, and lift up your heads; for your redemption draweth nigh.*”

**Psalm 121:1–2**, “*I will lift up mine eyes unto the hills, from whence cometh my help. My help cometh from the LORD, which made heaven and earth.*”

God has left us these Scriptures for those who are in a long, dark alley. Our God of impossibilities is still weaving His sovereign tapestry to accomplish His divine will. Whatever dark alley you’re enduring, our Lord Jesus is still Immanuel! He is still faithful to use our suffering to accomplish His bigger purposes. Every country in the world has faced much worse. Even the people of the Land in Israel have suffered horrendously.

**None Are So Blind** – There’s an ancient saying that dates back to 1546 when John Heywood said, “There are none so blind as those who will not see.” The most deluded people are those who choose to ignore what they already know. This quote aptly describes the majority of pastors today in the United States, even many of those who preach in churches whose statements of faith affirm beliefs in the inerrancy of Scripture.

With a strictly earthbound vision for the future that pushes the Lord’s return to a far distant time, these leaders tell us that the turmoil of our present day is part of a reoccurring cycle of history and that life will return to normal after the current crisis passes.

## THE RAPID MOVE TOWARD MARXISM VIA THE GREAT RESET

According to James Delingpole of Breitbart News, “COVID-19 has provided the perfect pretext” to usher in “a globalist takeover” of virtually every aspect of human life. “Put simply,” he continues, The Great Reset “is the blueprint for a complete transformation of the world economy. There will be no money, no private property, no democracy. Instead, every key decision — what you do for a living, how much stuff you consume, whether you can take a vacation — will [be] decided for you by a remote, unaccountable elite of ‘experts.’”

Why is it that so many pastors and believers fail to see the dangers behind what they read in the news or recognize the uncanny resemblance of what they hear to what John wrote about in the book of Revelation?

The Lord Jesus does not need to write His message of impending judgment on the wall as He did for King Belshazzar in ancient Babylon. He has clearly revealed His warnings for all to see in Scripture, yet so few recog-

nize their relevance for today.

Biblical encouragement that does not include an awareness of the end times and Jesus’ appearing may comfort believers to some extent, but it only heals the wound “lightly” of those who face economic disaster, personal afflictions, tragedies, and the many other harsh realities of life under COVID-19 imposed lockdowns, draconian restrictions, and falsified panic.

The good news is that we serve an awesome and sovereign Lord who controls history and someday will reign over all the nations of the world (Psalm 46:10). He’s not surprised by the mad rush of our leaders toward a one-world government; He revealed long ago that this would happen in the last days just as we see taking place before our eyes.

The best comfort we have in these perilous times is that Jesus is coming to take us to the place He’s preparing for us (John 14:1-3) and all the signs point to this happening in the very near future. The times are dark, but we possess a glorious hope. World news is being used by God to capture our attention and to ask ourselves to “*number our days*” as it is written in Psalms 90.

Israeli Health Ministry Director Hezy Levy recently insisted to reporters that "we won't force people to take a vaccine. Israeli law doesn't allow for it," speaking before the Special Knesset Coronavirus Committee chaired by MK Yifat Shasha-Biton, Sheba Medical Center Chief Medical Officer and Chief Innovation Officer Dr. Eyal Zimlichman listed measures that are being planned to "maneuver" the population into vaccinating as a way of regaining freedom of movement.

The issue of how to "motivate" vaccine compliance has generated increasing interest, with commentators such as Mike Cernovich writing: **"Government won't force you to take the vaccine. Amazon will. Airlines will. Banks will. You won't be able to buy, sell, or trade without the vaccine."** These companies are already doing this now.

As if underscoring Cernovich's words, Dr. Zimlichman told the committee: "Another thing that will apparently come into our lives, starting in small numbers already in January which is soon, and that's the vaccine.

"Whoever is vaccinated will automatically receive 'green status'. Therefore, you may vaccinate, and receive Green Status to go freely in all the green zones: They'll open for you cultural events, they'll open to you the shopping malls, hotels, and restaurants.

"You may decide you're not vaccinating, and if you do want to enter these areas you'll need to submit to a PCR test (COVID test), and therefore I believe people will understand by themselves that the vaccine will return them to regular life and they'll vaccinate themselves, without our obligating them.

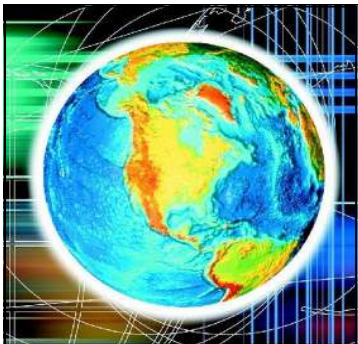

"But the idea we're putting out is actually something that's starting already now, and we're floating an initial pilot we're testing and are ready to start with, based on the PCR and based on antigen, assuming it will be authored by the Health Ministry, we're in the process with the Ministry, and of course serology, and very quickly, already from January to add the vaccines - whoever is vaccinated may enter those green areas, that 'safe zone'.

The enemy is at work more than ever during these times. He will seek to divide believers and stir up strife and hate, and his favorite weapon - FEAR. *Don't fall for that trap.*

**Remember:** Nothing has taken God by surprise. Not ever. **He's still on His throne and still Sovereign over all.** He has a plan and is at work on behalf of His people, “*for such a time as this.*” —Esther 4:14

**Our prayers matter.** May we be ever faithful to pray for all those in authority, for the leaders of this land, to make a difference in our nation.

## Dystopian “Great Reset”: “Own Nothing and Be Happy”, Being Human in 2030

■ (GlobalResearch, 12/19/2020) - The World Economic Forum’s (WEF) annual meeting at the end of January in Davos, Switzerland, brings together international business and political leaders, economists and other high-profile individuals to discuss global issues. Driven by the vision of its influential CEO Klaus Schwab, the WEF is the main driving force for the dystopian ‘great reset’, a tectonic shift that intends to change how we live, work and interact with each other.

The Great Reset entails a transformation of society resulting in permanent restrictions on fundamental liberties and mass surveillance as entire sectors are sacrificed to boost the monopoly and hegemony of pharmaceutical corporations, high-tech/big data giants, Amazon, Google, major global chains, the digital payments sector, biotech concerns, etc.

Using COVID-19 lockdowns and restrictions to push through this transformation, the great reset is being rolled out under the guise of a ‘Fourth Industrial Revolution’ in which older enterprises are to be driven to bankruptcy or absorbed into monopolies, effectively shutting down huge sections of the pre-COVID economy. Economies are being ‘restructured’ and many jobs will be carried out by AI-driven machines.

In a short video they produced, the WEF predicts that by 2030, *“You’ll own nothing and you’ll be happy.”* A happy smiling face is depicted while a drone delivers a product to a household, no doubt ordered online and packaged by a robot in a giant Amazon warehouse: ‘no humans were involved in manufacturing, packaging or delivering this product’; rest assured, it is virus- and bacteria-free – because even in 2030, they will need to keep the fear narrative alive and well to maintain full-spectrum dominance over the population.

## "Biden’s Cabinet is going to be the U.S. branch office of the Chinese Communist Party",

■ *Natural News*, Dec 23, 2020 — "A Joe Biden presidency is going to be a dream come true for the Chinese Communists, a huge break they probably never in a thousand years imagined would come true."

- "... the incoming president and his son compromised by the ChiComs ..."
- "... the people Biden is selecting to fill roles in his Cabinet are either pro-Beijing sycophants (like Biden himself) or China apologists."

"These are not patriotic Americans wise to the ways of the CCP and determined to protect us from them", Faddis writes. "To the contrary, these are men and women who are fully supportive of China’s ambition to supplant the U.S. as the dominant power on the globe."

## CDC Data Suggest Lockdowns Could Kill As Many People As COVID

■ (MiscellaneousNewsSource, 11/04/2020) Three hundred fifty years ago, John Graunt attempted to give Londoners

an accurate assessment of fatality rates of diseases in the community so people could understand their risk level. Until COVID-19, the Centers for Disease Control and Prevention (CDC) fulfilled the same role.

Then the CDC abandoned tradition and sensibility and treated COVID differently than every other disease. For a death to be considered a COVID death, COVID no longer needed to be the immediate or underlying cause of death. Now, a death is considered a COVID death even if COVID was on a contributing condition.

This is all not to say that COVID is a hoax or it’s not that bad. COVID has clearly been devastating so far as adjusted above. It is twice as bad as the worst flu seasons. But our reaction has turned a bad pandemic into an unrivaled self-inflicted, full-scale national disaster.

In the end, it won’t be COVID, but our reaction to it, that will go down as the most deadly and damaging event of 2020.

## China and Russia wasted no time carrying out a joint military aircraft provocation.

A total of 19 bomber and fighter escort a massive penetration South Korean Air Defense Zone!

■ SEOUL, (ReutersNews), 12/22/2020) South Korea said it scrambled fighter jets in response to an intrusion into its air defense identification zone by 19 Russian and Chinese military aircraft on Tuesday. Four Chinese warplanes entered the Korea Air Defense Identification Zone (KADIZ) followed by 15 Russian aircraft, according to South Korea’s Joint Chiefs of Staff (JCS). The South Korean military dispatched air force fighters to take tactical measures."

This massive fly-over by 19 military aircraft, including 15 heavy bombers, is a warning "shot across the bow", a warning against the new United States' government of Joe Biden. Biden is already seen as weak overall, with a special weakness for China.

*How quickly might these major planned episodes explode once weak Biden replaces strong Trump?*

- China invading Taiwan
- North Korea invading South Korea
- Russia invading West Ukraine and the Crimea

Vulnerability to Chinese threats is huge and will likely come quickly after Biden's inauguration!

## BLM Co-Founder Admits: “We Are Trained Marxists”

■ (ChristianNewsNetwork, 06/24/2020) - A video from 2015 is being circulated online of Black Lives Matter co-founder Patrisse Cullors – a self-described “queer,” artist, author, organizer and college professor who founded the organization with another lesbian and a self-described feminist – acknowledging that the group is led by “trained Marxists.” The group’s website also outlines that it seeks to “dismantle cisgender privilege and uplift Black trans fold,” as well as to “foster a queer-affirming network” and “build a space” that is “free from sexism, misogyny, and environments in which men are centered.”

“It was important for us as Black women, two of which are queer, to actually talk about the totality of Black life,” she said during the interview with Jared Ball of “I Mix What I Like” on Real News Network. “And that Black cis [gender] men are not the sum of Black people, but rather all Black people being the totality of Black people.”

## RAND PAUL: Masks 'are all about submission'

■ BlackListed News, Dec 24, 2020 — "Sen. Rand Paul (R-KY) is a graduate of the Duke University School of Medicine and is fully qualified to talk about disease management. He says masks, etc., are not about controlling a virus, but rather for forcing people to submit to pseudoscience and its practitioners."

Government Control may be as important to preparing people to accept the control by Antichrist as the planned virus which will be unleashed upon the whole world by Antichrist.

(WORLD WATCH—Continued on page 18)

**QUESTION:** With everything seemingly moving more to globalism, how near may the mark of the beast be? This mark has always been in the news, but now it appears as if the technology and world condition is being set up for such a system.

**ANSWER:** The renown passage regarding the “mark of the beast” is Revelation 13:16-18, *“And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name. Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.”*

The beast referred to in the above text is none other than the Antichrist. He is the Beast that will rise to power at the start of the tribulation and assume total control of all the nations of the earth by its midpoint if not before. He’s the “man of lawlessness” that Paul wrote about in 2 Thessalonians 2:3-10. Halfway through the seven-year tribulation, the Antichrist will defile the Jewish temple in Jerusalem.

The word in the Greek for “mark” suggests that it will be a visible stamp or a permanent tattoo that will display one’s allegiance to the beast as well as allow that person to engage in commerce. It could be some sort of barcode whereby the store scans the person and the groceries or clothes one is buying into the system. More likely, one’s identifying information will be stored on a computer chip underneath the mark that will instantly connect the person with all his or her information on a distant central database that will instantly reveal if the person has the necessary digital money to complete the purchase.

Peter Koenig, a geopolitical analyst and former Senior Economist at the World Bank and the World Health Organization (WHO), wrote the following about ID2020, which contains all the key elements for the coming mark of the beast described in Revelation 13.

*What is the infamous ID2020? It is an alliance of public-private partners, including UN agencies and civil society. It’s an electronic ID program that uses generalized vaccination as a platform for digital identity.*

Another hypothesis, at this point only a hypothesis, but a realistic one, is that along with the vaccination – if not with this one, then possibly with a later one, a nano-chip may be injected, unknown to the person being vaccinated. The chip may be remotely charged with all your personal data, including bank accounts – digital money. Yes, digital money that’s what “they” are aiming at, so you really have no control

any more over your health and other intimate data, or over your earnings and spending. Your money could be blocked, or taken away – as a ‘sanction’ for misbehavior, for swimming against the stream. You may become a mere slave of the masters.

We are moving towards a totalitarian state of the world. This is part of Agenda ID2020 – and these steps to be implemented now – prepared since long, including by the coronavirus computer simulation at Johns Hopkins in Baltimore on 18 October 2019, sponsored by the WEF and the Bill and Melinda Gates Foundation.

We know from Scripture that without the mark of the beast, people will not be able to buy or sell. Peter Koenig, who is not a believer and does not reference the mark in his articles, says that even with ID2020, one’s behavior may determine whether or not one has full access to his or her funds.

When I first learned about the Mark of the Beast, it seemed like something that belonged to a far distant time, although I believed it would happen someday. Now decades later, we not only have the technology to make it a reality, but the globalists at the World Economic Forum (WEF), UN, and elsewhere talk openly about ID2020, which sounds remarkably similar to the mark of the beast described in Revelation 13.

Revelation 14:9-11 tells us that those who worship the beast and receive his mark will face an eternity in hell. Once a person receives the mark, which will seal their eternal fate. *“And the third angel followed them, saying with a loud voice, If any man worship the beast and his image, and receive his mark in his forehead, or in his hand, The same shall drink of the wine of the wrath of God, which is poured out without mixture into the cup of his indignation; and he shall be tormented with fire and brimstone in the presence of the holy angels, and in the presence of the Lamb: And the smoke of their torment ascendeth up for ever and ever: and they have no rest day nor night, who worship the beast and his image, and whosoever receiveth the mark of his name.”*

Recent technology has shown other items of interest that may come with the mark. Lucifer/the devil wants to counterfeit the image. God created us in His image and the devil will want to transform the masses to his image. The transhuman element inherent in the future plans discussed by the WEF may be the reason for this. If the mark that the antichrist will force people to take during the tribulation changes the DNA of people as the globalists plan to do through future vaccines, these injections may change people to the extent that they are no longer part of the human race for which Jesus died on the cross. This is why God had to destroy the earth in Noah’s flood.

Bill Gates openly discusses his plans to change our DNA with vaccines. The globalists make no secret whatsoever of their intent to change humanity into something unrecognizable at the current time. It’s what Klaus Schwab, the founder of the WEF, refers to as “Fourth Industrial Revolution;” though it’s far different than the previous ones. He wrote this about the transhuman nature of people once this new industrial revolution takes hold during The Great Reset:

Previous industrial revolutions liberated the world from animal power, made mass production possible and brought digital capabilities to billions of people. This Fourth Industrial Revolution is, however, fundamentally different. It is characterized by a range of new technologies that are fusing the physical, digital and biological worlds, impacting all disciplines, economies and industries, and even challenging ideas about what it means to be human. Klaus Schwab intends to dramatically change the human race by combining individuals with machines that decades ago was only the stuff of wild science fiction. Now, it’s a part of The Great Reset that has captured the admiration of world leaders other than Donald Trump who sees this as it really is, diabolical.

Peter Koenig, who bases his future hopes on people rising up and thwarting the plans of the WEF for The Great Reset, wrote this about the tyranny the globalists’ plans for humanity: The 2010 Rockefeller Report foresaw and planned as the first phase of their deliberate “Human Transformation” – the Lockstep scenario.

The transformation as we now know, is planned to be nothing less than a modification and digitization of the human genome, robotization of our brains – so as to gain total control over the population – those that are left of us, after the UN agenda 2021-2030 is fully implemented.

It’s staggering to contemplate that the elite of our world have already put so much planning into what appears to be what Revelation 13 and 14 describe as the mark of the beast. And if we see such open discussion preparation for something that the antichrist will not be fully implement and enforce until the midpoint of the seven-year tribulation, how close are we to its start?

With the current emphasis on the COVID-19 vaccine and the push to make it mandatory, some wonder if this is the mark of the beast. While it appears that the mark will likely include a vaccine, any such injection before the start of the tribulation cannot be it. The church will be in heaven with Jesus well before the antichrist gains control of the world and forces everyone to take his mark under penalty of death.

Some wonder if its possible for someone to unknowingly accept the mark today. Again, the answer is no; the antichrist will require those who receive it to worship him. People with any understanding of Scripture during the tribulation, will know what the mark signifies as well as the consequences for taking it.

What is the key prophetic implication of the mark of the beast? The open planning for it among the world’s richest and most powerful people tells us that the Lord’s appearing to take us home must be exceedingly close since we know this happens before the start of the tribulation.

As it is, I never thought I would see so many signs of tribulation before the rapture as I see today.

What we do know for sure is that the rapture is closer than most believers think. Its nearness is good news for us because it’s the moment a glorious and joyous eternal adventure begins for us. It does not get any better than that. ■

# How Our Christian Churches and Colleges Are Being Destroyed from Within

Today the Bible and You has been called by God to share the WHOLE COUNSEL OF GOD. Most Christian denominations, churches, colleges and seminaries fail to warn of any wolves that would come to destroy and yet God’s Word places great emphasis on this.

The greatest apostle of all, Paul, declares in **Acts 20:26-32**, “Wherefore I take you to record this day, that I am pure from the blood of all men. For I have not shunned to declare unto you all the counsel of God. Take heed therefore unto yourselves, and to all the flock, over the which the Holy Ghost hath made you overseers, to feed the church of the church of God, which he hath purchased with his own blood. For I know this, that after my departing shall grievous wolves enter in among you, not sparing the flock. Also of your own selves shall men arise, speaking perverse things, to draw away disciples after them. Therefore watch, and remember, that by the space of three years I ceased not to warn every one night and day with tears. And now, brethren, I commend you to God, and to the word of his grace, which is able to build you up, and to give you an inheritance among all them which are sanctified.”

Previously, we made available the booklet *Epidemic of Apostasy* which showed how Christian schools were incorporating Spiritual Formation (i.e. contemplative spirituality, centering prayers) into students’ lives. *Contemplative spirituality* is an extremely dangerous practice for any person who desires to live a biblical, God-centered life. It is commonly associated with the emerging church movement, which is riddled with false teachings. It is also used by many different groups that have little, if any, connection with Biblical Christianity, such as the Roman Catholic religion.

Contemplative spirituality is primarily centered on meditation, **but not** meditation with a biblical perspective. Passages such as Joshua 1:8 actually exhort us to meditate: “Do not let this Book of the Law depart from your mouth; **meditate** on it day and night, so that you may be careful to do everything written in it. Then you will be prosperous and successful.”

Notice what the focus of meditation should be - **the Word of God.** Contemplative spirituality-driven meditation focuses on nothing, literally. A practitioner is exhorted to completely empty

his/her mind, to just “be.” Supposedly, this helps one to open up to a greater spiritual experience. The danger is that it leads the person into an altered state of consciousness where they can become demon-possessed. Believers are exhorted in Scripture to transform our minds to that of Christ’s — to have *His* mind.

Emptying our minds is contrary to such active, conscious transformation.

Contemplative spirituality also encourages the pursuit of a mystical experience with God. Mysticism (demonism) is the belief that knowledge of God, spiritual truth, and ultimate reality can be gained through subjective experience. This emphasis on experiential knowledge erodes the authority of Scripture. We know God according to His Word. “All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness, so that the man of God may be thoroughly equipped for every good work” (2 Timothy 3:16-17). God’s Word is complete. There is no reason to believe that God adds additional teachings or truths to His Word through mystical experiences. Instead, our faith and what we know about God is based on fact.

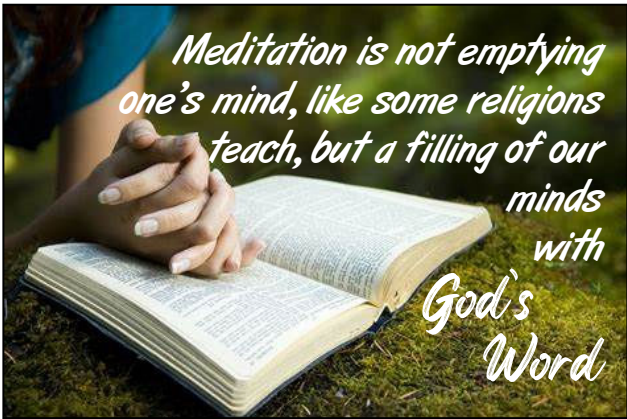

Following this program turns young people into emergent followers. It creates the mindset in people to become “social justice warriors.” They join up and sympathize with Marxist Black Lives Matter, pro-hate, anti-biblical movements. The Spiritual Formation movement that is in the majority of Christian colleges, is a disguised effort by the Adversary to lead followers away from our Lord Jesus and into deep deception! The sure thing to produce a socialist, anti-moral, angry, and disillusioned offspring is to send them to a school that promotes Spiritual Formation.

Below is a letter from Manny Silva (co-founder of Concerned Nazarenes) that illustrates the great dilemma many Christian parents find themselves in today. Over the years, many parents and grandparents have shared how their offspring’s faith was turned upside down after attending a Christian college for even a short time.

## To All Parents of Students Considering Attending Gordon College

by Manny Silva

My son is a freshman at Gordon College. We

enrolled him because we believed the school was a solid Christian college. Now we have serious issues with what is going on campus this semester. We and many other parents of Gordon students are extremely concerned with the direction things are going.

The biggest symptom of what we see is a falling away from the biblical principles the school stands for, and the division being caused on campus by the Black Lives Matter movement. Student BLM activists have been exhibiting less than Christ-like behavior, such as racially divisive signs on campus.

One of the most serious concerns is that students who oppose BLM or oppose social justice/Critical Race Theory are being vilified, intimidated, harassed, and even coerced into participating in activities which they do not agree with! These are all symptoms of a bigger problem, in which social-justice ideology is supplanting a biblical worldview on a college campus which we were certain would provide a solid basis for my son’s learning and spiritual growth. That is all in doubt now!

I have attended or listened to chapel messages where Scripture was twisted (by college professors!) into a social-justice theme. My son has not learned much about God’s Word in many of these chapel services. Racial issues seem to be overly-discussed in many classes, and activities and events are almost all themed on racial issues. These are always slanted towards those who support BLM and social-justice causes. If you disagree, you are disapproved of, or you are forced to stay silent.

This is unacceptable on a Christian campus. Therefore, this is a clear warning to all parents considering Gordon College. We have not given up. We have started a group of concerned parents, and we are working hard to see if we can help rescue Gordon College from going over the precipice, where it will become indiscernible as a Christian school, and it will turn into just another secular, godless school in practice. ■

# CHINA

(Continued from page 1)

capitalize on these capabilities with gene editing and continue to experiment on adults to create biometrically advanced super soldiers the likes we have seen only in movies.

Ratcliffe isn't the first to follow this line of reasoning. Last year, some researchers posited the Chinese government would attempt to use the gene-editing capabilities of CRISPR to enhance the performance of some soldiers.

"...the PLA is pursuing military applications for biology and looking into promising intersections with other disciplines, including brain science, supercomputing, and artificial intelligence," Elsa Kania and Wilson Vorndick wrote in *Defense One* last year.

In their column, Kania, an expert on Chinese defense technology at the Center for a New American Security, and Vorndick, a consultant on China matters and former U.S. Navy officer, said the People's Liberation Army of China highlighted exploiting biology as a priority in its strategic writings. The researchers said biotechnology development is "gradually showing strong signs characteristic of an offensive capability." For them, that includes the possibility that "specific ethnic genetic attacks" could be employed. They cited a 2016 Chinese report which characterized CRISPR-Cas technology as one of "three primary technologies that might boost troops' combat effectiveness." In addition to potential gene editing, the 2016 paper suggested that soldiers could be given the drug modafinil due to its cognitive enhancement applications.

Regarding the use of CRISPR in China, Kania and Vorndick noted that many of the ongoing experiments in this field are being conducted at PLA facilities. China's institutions have emerged as "major centers for research in gene editing and other new frontiers of military medicine and biotechnology," they wrote.

"While the potential leveraging of CRISPR to increase human capabilities on the future battlefield remains only a hypothetical possibility at the present, there are indications that Chinese military researchers are starting to explore its potential," they wrote.

In an interview with *NBC*, Vorndick said he is less concerned about battlefield enhancements and the creation of super soldiers than he is with the consequences of using gene editing to make dramatic enhancement changes in humans. He stressed concern for unforeseen consequences that could arise from attempting to conduct such experiments on humans. In 2018, a study raised concerns about those unforeseen consequences.

The study published in *Nature Biotechnology* shows that the technique could cause "extensive mutations and genetic damage." Not only can the gene-editing technique cause cellular damage, but Geneticists from the Wellcome Sanger Institute also said the genetic damage can be difficult to discover through standard DNA tests.

In the study researchers found that the gene-editing technique deleted thousands of DNA bases – some of them that were not close to the spot of the initial edit, the researchers said. The concern was raised because some of the deletions can silence genes that are supposed to be active, or on, as the researchers noted, and activate some genes that should be turned off – particularly genes that can cause cancer.

## China 'considering plans to genetically-modify soldiers to make army of Terminator-style troops'

CHINA may be planning to genetically-modify its soldiers for an army of Terminator-style super troops, a defense think tank has warned.

Experts at Rusi say GM soldiers could be faster, stronger and cleverer than their battlefield opponents and even feel no pain.

Their DNA could also be adapted to help them recover more quickly from injuries or give them superior hearing and night vision. Rusi's Professor John Louth said: "The threat is obvious and real. Chinese money could be stealing a march on western armed forces and that is deeply concerning." The warning comes after Chinese scientist, He Jiankui said he used gene-editing technology to make GM babies.

"GM technology is proven with plants, it could absolutely be applied to the person," Prof Louth added.

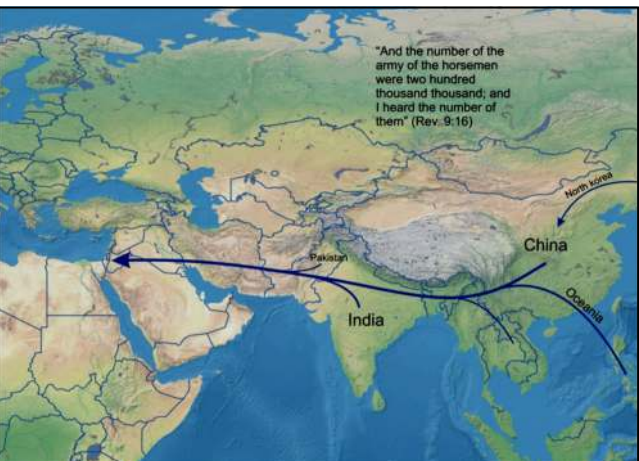

"In China, it is reasonable to assume that they are enhancing their battlefield soldiers on all these fronts." China jailed Dr Jiankui for "illegal medical practices" over his claims to have made three babies immune to HIV.

## Does the Bible predict China will have a major role in the latter days?

**Question:** I know China and the kings of the east are not under his authority for they gather an army of 200 million men to attack the Antichrist. Does God use them for his purpose to destroy the Antichrist, or will God also eliminate this Army?

The only mention of a 200 million man army is in **Revelation 9:15-16**, "*And the four angels were loosed, which were prepared for an hour, and a day, and a month, and a year, for to slay the third part of men. And the number of the*

*army of the horsemen were two hundred thousand thousand (200,000,000): and I heard the number of them.*"

This occurs during the sixth trumpet. Later we are told in **Revelation 16:12**, "*And the sixth angel poured out his vial upon the great river Euphrates; and the water thereof was dried up, that the way of the kings of the east might be prepared.*" The Kings of the East come to join the Antichrist in the Battle of Armageddon. When the Lord returns at the end of this battle He destroys them all as we are told in Revelation 19:19-21, "*And I saw the beast, and the kings of the earth, and their armies, gathered together to make war against him that sat on the horse, and against his army. And the beast was taken, and with him the false prophet that wrought miracles before him, with which he deceived them that had received the mark of the beast, and them that worshipped his image. These both were cast alive into a lake of fire burning with brimstone. And the remnant were slain with the sword of him that sat upon the horse, which sword proceeded out of his mouth: and all the fowls were filled with their flesh.*"

As America and the big European powers reduce their defense spending, China looks likely to maintain the past decade's increases of about 12% a year. The country is on course to become the world's largest military spender in just 20 years or so. Its army has 2.5 million soldiers, making it the largest standing army! China also has the world's second largest navy. China employs sophisticated precision weapons, high-tech information and communications technology. While global arms spending rose 4 percent in 2008, China's grew by 10 percent to an estimated \$84.9 billion.

China's per capita GDP rose from \$439 in 1950 to \$7,578 in 2014! Its GDP has increased by an average of almost 10% a year for the past 30 years (Pam Woodall, *The World in 2010*, 2009). No other nation's economy has grown so fast for so long. After 35 years of almost uninterrupted

# How Marxism is Corrupting Christian Schools, Colleges, and Seminaries in the Name of Social Justice

On one of my final trips to Russia, Alexey, the nephew of a former head of the KGB invited my wife and I to have dinner at their home when we were in Moscow. He had come to St. Petersburg a few times to meet with us.

He had witnessed the work of our Lord Jesus in the lives of every one of the people who had invited us. All of them came to experience the forgiveness of personal sins and to be born from above. He witnessed his uncle pray to ask God to bless our meal while we were having lunch at a hotel. I was sitting right across from him. While his uncle was praying, I opened one eye and looked at Alexey to see his reaction. His mouth was wide open as he was looking at his uncle pray. He couldn't believe what he was seeing.

When we arrived in Moscow, he picked us up at our hotel and to my amazement, he pulled into the parking lot of the KGB Headquarters building in Moscow. We went up to the third floor and into a large meeting room. He told me the executive committee of the Communist party was having a meeting. Gulp! I told my wife, "What are we doing here."

After our meeting there, we went to his home where his wife had dinner prepared for us. After a delicious dinner, he said to me, "John, how does a person receive Jesus into their life? I want to receive Jesus Christ. But before you tell about me, I need you to answer me one question: If I become a Christian, will I have to change again later on? The Communist Party taught us for more than seven decades that Capitalism was an aberration, and that Communism was the true way of life. Now, they are telling us the opposite. That Capitalism is the way to go and that Communism was the aberration."

I told him God is eternal. He never changes. God is not capitalist or communist. He is God. When I told him this, he prayed and asked the Lord Jesus to forgive his sins and to help him understand the Scriptures so that he could love God more and serve him in Spirit and in Truth.

Now, in the United States, the opposite is taking place. America is moving from capitalism to socialism/Marxism.

*It seems atheists have developed a comprehensive strategy to win the*

*minds of the next generation. The strategy can be described simply: let the religious people breed them, and we will educate them to despise their parents' beliefs.*

—Dinesh D'Souza, "The atheist indoctrination project" 10/22/2007. [www.townhall.com](http://www.townhall.com).

Dr. Chester M. Pierce, once a professor of Educational Psychiatry at Harvard University, stated that American children are "insane" because they are loyal to America, to their parents, and to their belief in God. He said it is the job of teachers to heal these "sick children" by turning them into the "international children of the future."

"Expert?" Says American Children Mentally Ill." (<http://www.gospelweb.net/CultureWar/childrenmentallyill.htm>).

The last refuge, in the defense of public education, is the assertion that the public schools are "neutral" when it comes to ideology and values. "Christian schools impose Christian values on children," goes the argument, "but the public schools expose children to all points of view and let them make up their own minds."

But public education doesn't just fail to achieve the neutrality it claims. More and more, public educators are purposely indoctrinating children into a far-left political ideology, employing the label "social justice education" as camouflage. Some teachers merely slip it into the existing curriculum, sometimes in unexpected places—a math course, for instance. This can be done by any teacher in any school. A few school districts have gone so far as to set up a "social justice academy," a school within a school, in which the entire curriculum is put to the service of a "social justice" ideology.

*But what do educators mean by "social justice"?*

The Boston public school district, whose Social Justice Academy is located in the Hyde Park Education Complex (that's what they call their high school), tries to answer that question on the website for its Office of High School Renewal ([www.highschoolrenewal.org/schools/description2.asp?id=60](http://www.highschoolrenewal.org/schools/description2.asp?id=60)):

"SJA will help create Scientists, Mathematicians, Historians, Teachers, Artists, Philosophers, Engineers, Doctors, **Social Activists**, Politicians, Architects, Ministers, Superintendents, Chefs, Pilots, Principals, etc. **who think and act seriously to create a just world**" (emphasis added).

Social justice education, according to the Social Justice High School within Little Village Lawndale High School, Chicago, is "Project-based and problem-based learning that addresses real-world issues through the lenses of race, gender, culture, economics, peace, justice, and the environment ... Our struggle is against systems of power that have been historically used to deny, regulate, and prohibit access to the ... rights that should be granted freely to members of society regardless of race, class, gender, sexual orientation ... Through collective community power, we commit to a conscious effort to overcome the intended historical obstacles that have been designed to disempower and divide our communities" ([http://sj.lvlhs.org/sj/mission\\_vision.jsp?rn=2690813](http://sj.lvlhs.org/sj/mission_vision.jsp?rn=2690813)).

*Does that sound ideologically neutral to you?*

## A Brief Interview

We made repeated efforts to interview "social justice" teachers and principals, but the only ones who agreed to talk to us were Juliet Alejandro and Rebecca Walz from the Logan Square Neighborhood Association, responsible for the operation of the Kelvyn Park Social Justice Academy in Chicago. Kelvyn Park is one of the older SJAs, established in 2004 (<http://www.lsna.net/display.aspx?pointer=2445>).

"Social justice is about taking very seriously the 'justice' part and to really look at what's happening in your community and in the world," Ms. Alejandro said. "Social justice is wanting for others what you want and taking steps to make it happen."

"It's making sure that every individual has the resources to develop as much as he or she possibly can," Ms. Walz said.

The two educators discussed some of the obstacles to achieving social justice:

"Power and the imbalance of power."

"Systemic oppression in the form of policies, social networks, blindness, and numbness toward those on the margins of society."

"Obviously patriarchy, within the traditional family."

# CHINA

(Continued from page 7)

growth by some measures, such as purchasing power, China has made an unprecedented leap from being the world's tenth biggest economy to becoming number two (following America). China holds the majority of the United States' debt and, in just one click of a button, can economically cripple the US.

When the Book of Revelation was written the world population may have only been 200 million. Only God could envisage armies of 200 million men in that day and age! We have a prophecy of human destruction which makes World War II look insignificant. The Red Chinese army reportedly numbered 200 million during the 1970s.

Scripture predicts that the preparations for the attack of China upon the Middle East and Israel would involve a combination of human and angelic events. In chapters 9 and 16 of Revelation, there are highly symbolic descriptions of *angels affecting the area around the Euphrates River in the last days*. It is primarily the reference to this river, which ties the two prophecies together and makes them understandable. If we couple these passages with what the Bible tells us about the armies moving toward the Middle East from out of the north and east at the time of the end, then the prophecy in Revelation 16 becomes relatively simple to interpret.

In Revelation 16, God describes the seven bowls of wrath that will be poured out at the very end of this age. One verse in that chapter has special application to how the armies from the east will gain easy access to the land of Israel at the end:

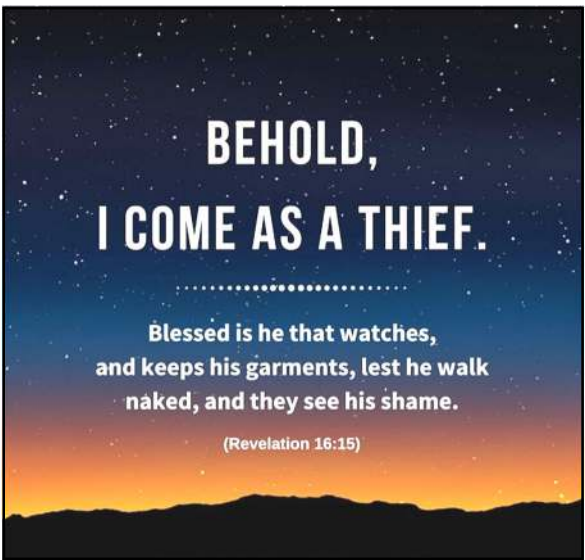

*“And the sixth angel poured out his bowl upon the great river, Euphrates, and its water was dried up, that the way of the kings of the east might be prepared.”* Revelation 16:12

The events of Revelation 16 are predicted to occur late in the last half of Daniel's Seventieth Week / the 7-Year Tribulation Period, near the time of the end of the Great Tribulation, and just before the Kingdom of God arises on the Earth. It is during those final days that the armies of the east will move toward the west and engage in the battles that will already be taking place in the Middle East between the West and Russia. God revealed to his prophet Daniel the initial mobilization of these eastern forces as being “tidings” out of the east in Daniel 11:44, *“But tidings out of the east and out of the north shall trouble him: therefore he shall go forth with great fury to destroy, and utterly to make away many.”* The book of Revelation is the only place in Scripture that provide us with the full picture of what will occur as a result of this

attack.

Scripture tells us that the great Euphrates River will actually dry up and disappear to provide the eastern armies with a clear path to the Middle East and Israel. It is wonderful for me to read about all this in Scripture because I have been where these rivers are located. Ever since the time that I was there in Iraq, the Tigris and Euphrates Rivers were significantly losing water due to massive droughts taking place throughout the Mesopotamian Valley. The word Mesopotamia actually means *between the rivers*.

This climate change may be a prelude to the Angel completely drying up the Euphrates at the end by pouring out the sixth bowl of wrath upon the river. After the defeat of the Syrian and Egyptian forces as a result of their attacks on Israel and also after the Russian alliance counterattacks through the Middle East and the battles rage, the nations to the Far East of Israel represent the third major front in this war.

Only God could have known and predicted that we would be reading headlines and worldwide news reports about a nation in the Far East, which is determined to become the world superpower – replacing the United States and Russia. China wants to dominate the world militarily, politically, and economically. The Bible definitely predicts that *three* large military powers will meet and do battle in and around the apple of God's eye: Israel. Russia, the Western Alliance, and China are the three major forces which hold the military balance of power today. As the war between the West and Russia rages, China and the nations of the Far East will begin to move toward Israel. Scriptures tells us they will actually be drawn through the release of evil angels at the sounding of the Sixth Trumpet, who will go throughout the Earth inciting violence and war, Revelation 9:13-16, *“And the sixth angel sounded, and I heard a voice from the four horns of the golden altar which is before*

*God, Saying to the sixth angel which had the trumpet, Loose the four angels which are bound in the great river Euphrates. And the four angels were loosed, which were prepared for an hour, and a day, and a month, and a year, for to slay the third part of men. And the number of the army of the horsemen were two hundred thousand thousand: and I heard the number of them.”*

When all out war begins in the Middle East between Israel, Russia and Iran when Russia is destroyed upon the mountains of Israel, the Far East countries will stay out of the initial confrontation. Eventually, they too will enter the battle with greater numbers of troops than has ever been assembled. Revelation chapter 9 speaks about the enormous size of this force in a strange, metaphorical prophecy:

*“And the number of the army of the horsemen were two hundred thousand thousand; and I heard the number of them.”* Revelation 9:16

When God predicted that the rumblings from the east would trouble the Antichrist, surely the sheer magnitude of the troops that will come against him would make anyone fear. The writers of the Bible did not make a mistake when they wrote down this prophecy. The size of the army of the Kings of the East will indeed be 200 million strong! Many Bible scholars considered the prediction to be more symbolic than literal. Perhaps it did describe a large army, but not one of 200 million. However, only in our generation could this prophecy come true. In the same time frame that has seen the rebirth of the nation of Israel, the system of the Beast begin to develop, and Russia (Magog) become a dominate military force to the north of Israel, the world has also witnessed the rise of countries to the east of Israel which could actually field such a huge army.

The world's population exceeds 7 billion people with China and India combined having slightly over 2.5 billion people (35%). If any countries on the face of the earth could possibly assemble an army of 200 million it would have to come from the countries to the far east of Israel, a region which extends from India to China and down through Oceania.

Moreover, it is also interesting that only in our generation has China tried to come out of its backward shell and progress along with the rest of the world. For centuries they were considered the giant military pushovers of the east. Much smaller nations like Japan and even Great Britain could dominate them simply because of traditionally weak governments and primitive economy and military capabilities. Since the death of Mao, however, things have changed dramatically. ■

# RUSSIA:

*Reclaiming Lives -- Restoring Hope -- Sharing the Good News!*

Alexey, our Director of Russian Missions, is an invaluable part of the work we do there. He does a fantastic job ministering to the people of Russia.

**WINTER WEATHER:** Alexey's daughter, Katia standing in about 2 feet of snow with temperatures at -30 degrees below freezing. Brrrr

**ANNA'S FAMILY**

Alexey braved the snow and extreme cold to take 3 bags of groceries on a sled to Anna, an extremely poor widow and her two children in a dire situation. He was not able

to reach her house with his car and had to walk with the sled for more than one mile because of the huge amount of snow.

Anna and her children were extremely happy for the three bags of groceries. It was a miracle from God because they had no money and were unable to go more than three miles to the store because it was extremely cold (-30° F) with more than two feet of snow. Alexey shared the Word of God's grace and love with them. Alexey said they were so grateful, and their faces were shining like bright moons.

**LYUDMILA'S FAMILY**

Ludmila's alcoholic husband abandoned them and with eleven children, this family has a tremendous amount of needs. Last month, we promised pictures of the Christmas gifts Alexey had prepared for each of them. He had asked

each of them what they would like for Christmas and they were extremely appreciative of the gifts.

Each of these Russian families also received a Bible and Illustrated Bibles for the children which were purchased by your generous donations.

**ROMAN and TATIANA'S FAMILY**

Roman and Tatiana with their eight children. Roman lost his job because of a very serious eye problem. In the center back is Stepan, the 13-year-old son of Andrei who has Cerebral Palsy. They live in the same apartment complex.

All of the children received exactly what they dreamed about all their life. Alexey spent more

than a month looking for the exact item the children had asked for.

**MARINA'S FAMILY**

Marina with two of her five children. Her husband abandoned them, and Marina has been unable to go to work because she is recovering from surgery for uterine cancer. Alexey shared some much-needed food and provisions with them which came at the perfect time and they were so very grateful. As you can see, the boys were extremely happy with their Christmas candy.

**New Year's Day Festivities**

This the city of Velikiy Ustug, the official hometown of Father Frost in Russia. New Year's Day is the single most celebrated and festive holiday of the year in Russia. Minus 30 degree weather is never a hindrance in their celebration.

**Thank YOU!**

It's because of YOU and your compassion and generosity that *Today, the Bible and You* is able to make such an impact in their lives. We appreciate EVERY donation and ask you to pray for us and our ministry. God bless! ■

URGENT NEED!

Dear Pastor John, Greetings in the precious name of Jesus Christ.

Thank you for all the kindnesses you showed by providing us with money for support of our school. We praise God for His kindness to us.

We have an urgent need. School starts in one month and we now have about 70 childrens needing sponsorship. Since the school is starting next month (March) many of them are asking if they will be sponsored because they cannot afford going to school without someone's help.

Pastor John, I am so blessed by the wonderful faithful work you have done for the people here through me. May God continue to bless you and your family also your ministry.

Thank you for your support. Lots of love from our family. God bless you and your family.

Rejoice Kamei  
Director, Rose of Sharon Christian Schools

The people of Nagaland are an extremely poor tribal people. Most are farmers. Getting a good education for these people is extremely important to get a better paying job, but the free government schools are not very good.

Rose of Sharon Christian Schools and Home is one of the finest schools in Nagaland. It's students annually test at the highest levels.

The students are all taught in the English language and take computer and Bible classes.

Many of the students are orphans, or their mothers are widows or their parents are just too poor to pay for the necessary books and uniforms. Unfortunately, the school cannot cover the expenses involved in purchasing the books and uniforms for these children.

This provides us with the opportunity to play a critical role in the success of these young children.

We are so grateful God has allowed us to have a small part in making a difference in the lives of these children. The school uniform and books' annual cost is \$230, or about \$20 per month.

Can you help sponsor some of the 70 students needing sponsorship today?

Your \$20-a-month gift of sponsorship is LIFE CHANGING for them!

January 2021

Dear prayer partners and faithful supporters!

Many thanks for your prayers and tireless financial supports!

So many, many good things happening in the church...almost not having time to write this report. Our church and our spiritual activities wears me out in good way.

1. With my children, we had a little Christmas

caroling in our Muslim neighborhood. They are receptive and friendly.

2. Our Muslim Christian Fellowship conducted an advent Christmas in our Lamka town on 19 Dec. 30. Muslims came and heard the gospel presented by Junus Khan. We spent about \$200 for food and transportations. Pray for the seekers. We also sponsored a Christmas celebration.

3. Our Christmas and New Year service are a time of commitment. I saw a lot of tears in the faces of believers. Our church experienced the best time since its birth, 4 years ago. We are like the early believers, we have fellowship every day house to house. The whole month we do nothing but enjoying the fellowship with the saints every day. It is like we are living in a dream world. I never thought this could happened. God has come down to reward his children with His sweet presence. The past three years we have been weeping night and day because of the pitiful condition of the church.

4. Finally we got our car after two months of waiting. We cannot thank enough to those who donated 70% of the price and the Maranatha Bible Church, who donated 20%. We are like the returnees of Judah from Babylon in Psalms 126.

**All these things happened because of your contributions and prayers!**

With deep appreciation and love!

PERU — RADIO MISSION

In December, our mission workers in Peru shared Christmas gifts with some of the most underprivileged children in one of the poorest communities in the region. These gifts were provided by your donations. With each gift they also received a small copy of the Bible. One of the workers, Magaly sent us a little thank you note:

*“Pastor John, so much appreciation to you and your people for all the donations. We are overwhelmed by the generosity that everyone has demonstrated. Thank you for your support. Thank you just isn’t big enough. With all of my heart, I am so grateful. You have helped to make so many children very happy. Magaly”*

Since Peru is still not allowing churches to have regular church services, the Bible lesson

programs have been a huge blessing. The outreach has increased to numbers unimagined and people are responding as never before.

In fact, many people who previously were not going to church have been listening on the radio or watching it on our cable TV channel. There has been an increase in requests for Bibles, Bible literature and studies, and Bible teaching CDs to help the people grow in their newfound faith in Christ.

ANOTHER NEW OPPORTUNITY

We recently discovered a wonderful new opportunity in Peru (and also Russia). An Internet Radio Channel. We would be able to broadcast on an internet radio channel in Spanish, English or Russian 24 hours a day **WORLDWIDE**. We would have control of the content on the station and provide Christian music, Bible lessons and family programming for only \$300 for each channel (one for each language). Here is a sample:

<https://www.radiosionperu.com/nosotros.html>

Radio Director needs transportation

Our director in Peru, Wildoro Mendoza Peso needs a **MotoKar**. Motokars (or Mototaxis) in Peru are essentially motorcycles with an attached cabin on the back that can fit three to five people. They are very popular in small Peruvian towns because of the narrower streets and they’re the most economic way to get around. Wildoro greatly needs this reliable vehicle to carry out both ministry and daily life needs.

The cost to purchase one is about \$1,500.

We cannot thank you enough for your regular help and prayers for us that God will fulfill His plans for the people of Peru. God has been so faithful over the past years. We always thank God for YOU because your gifts to this work of Faith – make this all possible. Thanks again for your support!

BURMA — NEW LIFE ORPHAN CENTER

Many of the children at New Life Orphan Center in Myanmar have been given up to orphanage care because of financial crisis. Although some of the children here have lost only one parent, often the other parent has been unable to provide for the needs of the child, and thus given up parental rights to preserve the life of the child. New Life does its best to provide for the needs of the 40 children and give them a good education. This home has been such a testimony of God’s provision.

Shalom Pu John,

*Our good brother, Yesterday I received yours 216000Ks. Thanks a lot. I spent it in three parts. (1). I paid the children's school and tuition fees= about 70 thousands, (2). I bought some food ( rice) = about one lakh and 20 thousands, and (3). I use for others needs = about 26000Ks. It covered some of our deficit.*

*All the children are so happy because I can settle their needs with your gifts. I myself am very happy when the children are happy. I hope you will be also so happy when we make them happy. The children are unhappy when I cannot settle or pay their needs in time (when I cannot pay their school and tuition fees in time, the teachers scold them and they are so sad) and sometimes we eat rice only and sometimes we never eat meat for the whole month because of our deficit or insufficient financial problems.*

*I fully hope that if you can be able to support monthly with this amount US\$200 from now to in the future, all the children and my family are so happy and everything we can do happily in our lives and be smooth and be glory His name.*

*Let's make the children are happy and make them grow and develop in their lives.*

*We give great thanks for your support and pray for you too.*

*May God Bless You More!*

*Yours In Christ,*

# SCHOOL BEGINS -- Scholarships needed!

God is using this school to bring hope to thousands of families. Uganda is facing many of the same things we are in America, with social media networks being shut down along with other restrictions. The number of COVID-19 cases in the country as of January 15, 2021, is 38,085 with only 304 reported deaths. The January 14th presidential election day brought with it death, violence, accusations of fraud, and great intimidation throughout the country. The effects of pandemic along with the violence, are taking a toll on livelihoods and the economy.

This is Ibrahim. He is a Christian evangelist and also works as a carpenter and handyman.

Ibrahim is in need of \$2400 purchase carpentry tools to begin his own

business and train young people the carpentry trade and floor work, including working with all types of tile. Ibrahim was a former Muslim who does much evangelizing and Bible teaching throughout the country. He also distributes many Bibles to those in need. We distribute Bibles in two languages, English and the native language of Luganda.

The needs in Uganda, which is located in the Heart of Africa are many. School scholarships are always needed, food (especially now with the country being in lock down for almost the entire year). Bibles are always a great need as they are so expensive.

### Bibles needed

In America, a simple Bible can be purchased for about \$5, which to us is a cup of coffee. In Uganda, the average wage is less than one dollar per day. So, the cheapest Bible in Uganda (\$10 USD) costs them about 15 days wages! Whenever

they are presented with a Bible, they are extremely grateful to God for this miracle — and that is exactly what it is to them — *a miracle*.

We have already been able to provide a few people in Uganda with Bibles and you can see the joy on their faces for receiving this precious gift.

### Will you join us in making an eternal difference by sharing Scriptures?

Every \$10 you share will help provide life-changing Bibles that bring people into a meaningful relationship with loving God.

### NO GIFT IS TOO SMALL:

**Your \$5 - \$10 - \$25 - \$50 - \$100 - \$500 gift is greatly appreciated.**

Through your support today, we can reach them with the hope of the gospel. **When you give by December 31, your gift will be tax-deductible for 2020. ■**

# Help feed the hungry

Food insecurity due to the pandemic has only increased the numbers of those going hungry in countries like Uganda, Peru and India – **but you can help.**

Our native missionaries in these countries have told us how desperate the situation is for many of the

people in their areas. With the lockdowns and curfews, the effects of the COVID pandemic have taken their toll on livelihoods and the economy.

Through generous giving from our donors, we have been able to provide rice, beans, pasta, and other

food items in several countries where they are greatly needed and much appreciated.

The Bible tells us in Deuteronomy 15:10-11, “Thou shalt surely give him, and *thine heart shall not be grieved when thou givest unto him*: because that ***for this thing the LORD thy God shall***

***bless thee in all thy works, and in all that thou puttest thine hand unto. For the poor shall never cease out of the land: therefore I command thee, saying, Thou shalt open thine hand wide unto thy brother, to thy poor, and to thy needy in thy land.***”

Our native missionaries worldwide are telling us that because places of worship are closed, many people come for food, and they are not only physically hungry, but also spiritually hungry as well. So as the people pick up their share of food, the missionaries share the gospel and the love of Christ with them.

**Your gift, so crucial now during COVID-19, helps provide food and hope to those in need.**

**God has called YOU to let HIM bless them through you -- Donate today.**

PERU:

In 2007, the Voice of the Rose of Sharon radio station began broadcasting gospel of the Lord Jesus to an area that was famine-stricken for the Word of God. Today, that single radio station has expanded to include TV programming on several channels and has produced over 200 congregations in different parts of Peru and various other ministries to children and adults but there is still a great need for Bibles and study materials. The Lord also opened many important doors with municipal leaders to our director in Peru, Wildoro Mendoza. The provincial governor asked Wildoro to be his spiritual counselor and they have organized days of prayer and fasting in local communities. *Would you consider supporting this important work?*

INDIA—Dongza Thawng:

In Shillong, India, Dongza has opened the Door of Hope ministry where the Lord is working mightily in his community. His ministry is growing so fast that he is currently looking to buy a new property so that they can expand their mission. Dongza holds Bible studies with college students and families, youth camps, vacation Bible school and crusades, and has also begun Christian couples retreats to heal marriages and a follow-up program for the new believers who committed their lives for Christ during salvation camp (many of whom are recovering alcoholics). He travels to nearby villages and reaches out to anyone the Lord sends his way with food and the gospel of Jesus Christ and has seen the hand of the Lord moving in a mighty way. Dongza and a missionary friend, Junus Khan, (pictured) also witness to Muslims and Hindus in the area. They have had several converts and are helping them to build homes and a new life on some land which was donated by a local doctor. They are helping them grow in their faith while hiding them from persecution. *Please pray about supporting this mission.*

PHILIPPINES — SMO (Student Missionary Outreach):

SMO's vision is to "Reach the Filipino Youth for Christ with the Gospel of Jesus Christ". In the past, the Bible was not allowed to be taught in most schools. However, in recent years the Lord has opened doors through the SMO-Moral Values Program. With this program, SMO is now welcome to conduct the Moral Values Seminar in schools throughout the 7,000 Philippine islands. The program teaches the dangers of smoking, drug-addiction, alcoholism, pre-marital sex, and much more — and even school officials and teachers have participated with the students. Many teachers have testified of God's power in moving, convicting, delivering, and changing the lives of many young people. SMO has also established a Bible training school to train future youth workers to reach the youth of the Philippines.

INDIA—Rose of Sharon Christian Schools and Home — Rejoice Kamei

This is one of the top-ranked schools in NE India with an attendance of over 950 children. Many of the children are orphaned, or are too poor to even pay for the basic books and uniforms. The students come from various religious backgrounds such as Muslim, Hindu, Christian and Animist (spirit worshippers). They are all taught in the English language and have Bible classes, attending chapel services as well. The school also conducts an annual Bible camp for the students and needs Bibles, study materials, and food for the camp. Afterward, a program for the parents and families of the students which includes a plan of salvation is presented. They also reach out with the Gospel and hold church services for the local villagers. Attendance is growing every year and so is the need for more uniforms, textbooks, classrooms, housing, bunk beds and benches for the students. Right now, there are about 70 students per classroom and there are not enough seats for everyone. A basic building (15 classrooms) will cost approximately \$150,000. *Will you help?*

BURMA — New Life Orphan Center AND Grace Children's Home

New Life Orphan Center founded by Pastor Khup Lam Thang (aka Thangno) and Grace Children's Home run by Zam Kap are two orphanages we support in Burma. All the children receive Bible training and basic education from kindergarten to university. They are taught Bible stories and Christian songs that will build their relationship with God. Several of the orphans have recently graduated from university. With their degrees, they could find good jobs, yet, they chose to serve the Lord by remaining in the orphanage to teach other orphans. Indeed, this is a testimony of how they want to repay the debt they owe to God.

“A very narrow understanding of religion—although religion itself need not be an obstacle.”

Ms. Alejandre elaborated on their comment about the family: “About 80 percent of the people we serve are Latinos,” she said, “and the family is kind of at the core for them. So the family is important—but we mean the family without the patriarchy.”

“There will be more social justice education in America as it catches on,” Ms. Walz predicted.

Given time constraints (the women had a scheduled meeting to attend), it was not possible to ask them what they meant by “patriarchy” or “a narrow understanding of religion,” or who would be in charge of “making it happen,” etc. But we can guess.

## Radical Math

Social justice academies have sprung up in Chicago, Boston, New York, Los Angeles, and Chapel Hill, North Carolina, and also in Catholic girls’ schools in Cincinnati and Bloomfield Hills, Michigan. More are in the works, but it’s still a small sample. However, it isn’t necessary to have a social justice academy to have social justice education.

In New York City this spring, as reported by Sol Stern of the *City Journal* (RadicalMath: “Social justice” teachers propagandize while Chancellor Klein looks the other way,” ([www.city-journal.org/html/eon2007-05-11ss.html](http://www.city-journal.org/html/eon2007-05-11ss.html)), “Over 400 high school math teachers and education professors gathered in Brooklyn for a three-day conference, titled ‘Creating Balance in an Unjust World: Math Education and Social Justice.’”

At the conference, Stern writes, math teachers “proudly demonstrated how they used classroom projects to train students in seeing social problems from a radical anticapitalist perspective”—paid for with a \$3,000 grant from the city’s Department of Education.

Teachers who wish to put a Marxist spin on math lessons can utilize prepackaged lesson plans available on the Internet from RadicalMath ([www.radicalmath.org/index2.php](http://www.radicalmath.org/index2.php)), “a resource for educators interested in integrating issues of social and economic justice into math classes and curriculum.” The site boasts “over 700 lesson plans, and charts, graphs, data sets, maps, books, and websites to help you bring these issues into your classroom.” How anyone would verify the “information” presented in these lesson plans is not explained.

Examine it for yourself. Just added to the web-

site on September 20, “Revealing Racist Roots” is 27 pages in English and Spanish on “The Three R’s for Teaching about the Jena 6”—taking off on an alleged racist incident in Jena, Louisiana, which only hit the news this summer. But why wait for all the facts to come in before whipping up a batch of lesson plans?

The plans are the work of TAG, the Network of Teacher Activist Groups, consisting of the New York Collective of Radical Educators ([www.nycore.org](http://www.nycore.org)), Teachers for Social Justice, Chicago ([www.teachersforjustice.org](http://www.teachersforjustice.org)), and Teachers 4 Social Justice, San Francisco ([www.t4sj.org](http://www.t4sj.org)). They describe the Jena incident (in which 6 black teenagers in Jena, LA beat a white student in 2006) in lurid, loaded terms—“A Modern Day Lynching” (in which no one was actually lynched), “Jim Crow being found alive and well in the South,” and “lynching as a tool of genocide” (surely not a very efficient tool), and so on. The radical educators also throw in “cartoons of the Prophet Mohammed” and the prosecution of the O. J. Simpson case as examples of “pervasive” injustice.

Here you will find lessons in “media literacy,” the “hip-hop response” to the Jena case, “self-esteem,” “social action,” and, finally, a “detailed mathematics unit” featuring such exercises as “find the probability of randomly selecting an all-white jury in Jena, which is 85.6% white.”

How many teachers are using this resource? According to the website, “RadicalMath.org has had 1,100,422 page visits since May 2006!!!” They can’t all be from reporters who had to see it to believe it.

“If the social justice movement went by its actual name, young Christians would not have been lured into it. Because the social justice movement is actually...

### Cultural Marxism.

“There’s no such thing as social justice, people. In fact, in the Bible, justice never has an adjective.

“There’s justice and there’s injustice, but there’s not different kinds of justice.”

Dr. Voddie Baucham

## Coming Down from the Top

Lest any of this be attributed to the independent actions of a few maverick Marxist teachers, the Foundation for Individual Rights in Education (FIRE) has been very busy suing teachers’ colleges for trying to require all future teachers to espouse and promote the cause of “social justice.”

Last year FIRE took its most serious complaint straight to the federal Department of Education, demanding that the government prohibit

“viewpoint discrimination” by the National Council for Accreditation of Teacher Education (NCATE)—a private firm which, with the approval of the government, grants (or withholds) accreditation to teacher education programs in colleges and universities nationwide. Before the government could take action, NCATE removed from its “professional dispositions standard” all references to “social justice.”

“NCATE dropped its social justice language,” FIRE president Greg Lukianoff told Chalcedon, “which is not the same as actually changing its practices.

“But it’s a start. It’s like the civil rights movement—you had to get formal segregation off the books before you could do anything else.”

In practice, Lukianoff said, NCATE, and the teachers’ colleges accredited by NCATE, were using “a commitment to social justice” as a “political litmus test” for students trying to become certified public school teachers.

“They say they were never imposing a political point of view on aspiring teachers,” Lukianoff said. “But how do you evaluate someone’s commitment to social justice without inquiring into his political orientation?”

Viewpoint discrimination—selecting only persons of a far-left political stripe for certification as teachers—has become widespread in teacher education nationwide. Among many others, FIRE has taken action against Columbia University Teachers College ([www.thefire.org/index.php/article/7362.html](http://www.thefire.org/index.php/article/7362.html)), the Rhode Island College School of Social Work ([www.thefire.org/index.php/article/5685.html](http://www.thefire.org/index.php/article/5685.html)), and Washington State University ([www.thefire.org/index.php/article/6832.html](http://www.thefire.org/index.php/article/6832.html)).

Is it any wonder that there are so many radical teachers in America’s public schools—with teachers’ colleges trying to ensure that only radicals become teachers and NCATE making that a condition of the college’s accreditation? And although FIRE has won some victories, some colleges have resisted.

In a letter to Lukianoff dated May 11, 2007, the president of Columbia University Teachers College, Susan Fuhrman, says, “[W]e have satisfied ourselves that there is no ‘ideological litmus test’ at our institution—that the scholarly and pedagogical behaviors we encourage in no way amount to thought control or any other form of coercion” (see “Columbia University Ignores Objections to Thought Reform Amid Free Speech Controversy,” <http://www.thefire.org/index.php/article/7362.html>).

From the college’s own published guidelines, FIRE quotes such language as: the “philosophy for teacher education at Teachers College” requires students to possess a “commitment to so-

transports waste, and cleanses the body, and unites every organ and tissue together.

The blood is the medium by which the body’s nutrients and wastes are exchanged, balanced, neutralized, and transferred. The kidneys, liver, and lungs are the primary sites by which those wastes are eliminated through urine, bile, and respiration. If the wastes and toxins are not eliminated, the body becomes poisoned and quickly dies.

Dr. Pauli says that the blood Christ shed for us is no different. It flowed from the heart of Christ Jesus for a lost and dying world, removing sin and depositing it in the sea of forgetfulness, as we are told in Micah 7:19, “He will turn again, he will have compassion upon us; he will subdue our iniquities; and thou wilt cast all their sins into the depths of the sea.” It is only through the blood of our Lord Jesus that the toxins, poisons, and wastes our carnal lives produce can be removed. This is the process of sanctification.

Medically, there is no permanent substitute for the functions that the blood performs through the kidneys in removing waste, toxins, and fluid regulation. Using kidney dialysis is only a temporary measure. Such is the difference between forgiveness of personal sins and the continuous process of sanctification. Forgiveness cures the disease; cleansing clears the debris and removes all traces of illness. There is no substitute for the cleansing power that the blood of our Lord Jesus provides. It is written in Hebrews 9:12-14, “Neither by the blood of goats and calves, but by his own blood he entered in once into the holy place, having obtained eternal redemption for us. For if the blood of bulls and of goats, and the ashes of a heifer sprinkling the unclean, sanctifieth to the purifying of the flesh: How much more shall the blood of Christ, who through the eternal Spirit offered himself without spot to God, purge your conscience from dead works to serve the living God?”

[Request Dr. Ike Pauli’s book entitled: **ALL LIFE IS IN THE BLOOD: A Medical Perspective of the Blood of Christ** for your mission gift of \$20 or more.]

The length of telomeres, or the caps on the ends of chromosomes that protect DNA in cells, is the key to healthy aging. In the simplest terms, "when telomeres get short, bad things happen." To live a long healthy life, scientists have offered guidelines for telomere health that include controlling stress, getting optimal nutrition, obtaining quality sleep, minimizing toxin exposure, and finally, bolstering antioxidant defenses against free radicals and reactive oxygen species.

As we age, our cells are constantly dividing and our telomeres shorten during the process as was found from the winning of the Noble Prize in 2009. That’s where *iHeRQles* comes into the picture. As part of its Healthy Aging Solution, **Liquid Gold Rx (LGRX) features *iHeRQles*** as an exclusive new science protection plant extract technology product with uncontaminated premium food extracts designed and targeted for superior telomere support to promote biological cellular reverse aging possibilities.

"The science behind LGRX begins with a story from the mountains of Italy where scientists in the 1980s discovered a community with 300 people over the age of 100. The scientists discovered that the most important nutrients for one’s body were the missing ones from most people’s diets. This is the *secret of the high longevity* in this Italian farming community and the nutritional

value of the unique extract combinations that are present in LGRX.

LGRX was designed with PEC technology (partial extract combinations) to allow these nutrients to be delivered to the body by a simple spray without having to live in certain parts of the world where these nutrients are available

What are the most important nutrients for your body? The answer is...the ones you do not receive through your diet or supplements!

**Liquid GoldRx (LGRX) with iHeRQles is a new science protection using premium food extracts with zero contaminants and is non-GMO, gluten and allergen free, and vegan friendly.**

**Simply spray 4 sprays every day in your mouth 15 minutes before your largest meal.** LGRX works by delivering non-contaminated plant extract combinations from the Mediterranean mountain ranges. These extract combinations allow the body to have a break from the constant bombardment from contaminated food sources, allowing the body to help neutralize the poisons consumed in the contaminated food, water, and air we intake!

The question begs to be answered... *What happens when children are exposed everyday for years to poisons starting with their mother’s breastmilk?* According to the science team and the developers of this product, the results will be catastrophic. The main concern for better health is the narrowing of arteries and other vessels in the body; LGRX helps the body to open the vessels up, so that the blood can deliver these nutrients in a precise and targeted way which affects the entire internal anti-ageing process. As we like to call it.... open pipes, clean pipes. **This is the key to the blood delivering the immune system in a more effective way to help protect you and your family better.**

cial justice” and to recognize that “social inequalities are often produced and perpetuated through systematic discrimination and justified by societal ideology of merit, social mobility, and individual responsibility” ([thefire.org/index.php/article/7362.html](http://thefire.org/index.php/article/7362.html)). As far as Columbia is concerned, “merit, social mobility, and individual responsibility” are impediments to social justice.

“The revolution won’t happen with guns, rather it will happen incrementally, year by year, generation by generation. We will gradually infiltrate their educational institutions and their political offices, transforming them slowly into Marxist entities as we move towards universal egalitarianism”

**Max Horkheimer**  
A founding father of Cultural Marxism

An Ungodly Agenda

If there is one thing that a public school education is *not* about, it’s teaching students to think independently. The teachers’ colleges, their accreditors, the teachers’ unions, and many of the teachers themselves are wedded to a hard-left political ideology and determined to pass it on to their students.

This is most flagrantly displayed in the social justice academies, but there at least the educators’ bias is glaringly visible.

Less visible is the work of Marxist teachers’ “collectives,” like Radical-Math’s creators, to make ideologically tainted lesson plans available over the Internet to any left-leaning teacher who wants to insinuate them into the classroom. It’s not necessary for radicals to set up a social justice academy to insert a radical program of indoctrination into any school district.

Yet millions of American parents, themselves very far from being radicals, continue to send their children to the public schools. Why? Why won’t they believe what has been proved beyond a reasonable doubt?

We publish these articles not to convince parents who’ve already opted for Christian schooling that they were right to do so, but to equip them to convince others to follow their example. Public education from its inception has been a self-conscious, systematic program aimed at replacing Christian faith with a faith in humanistic man and the “democratic,” but increasingly totalitarian, state.

Whether it’s pushing homosexual advocacy disguised as “sex education,” or Marxism in the cloak of “social justice,” the public school is not the place for Christian children. ■

■Israel National News, Dec 29, 2020 — "The Health Ministry has already commenced discussions on the precise benefits to be accorded to those carrying a green passport, which will likely be issued to people following the second vaccine dose ... holders of green passports will be exempt from the obligation to enter quarantine following a visit to a foreign country with a high rate of coronavirus infection. Currently, those returning from “red countries” are obligated to remain in home quarantine for 14 days following their return, or 10 days if they twice test negative for the virus. A green passport will also exempt its holder from having to self-isolate after being in prolonged contact with someone confirmed as a coronavirus carrier."

Now, the situation moves to "buying and selling"!

"Previous reports have also suggested that a green passport will be required in the future in order to enter shopping malls, cultural venues, and other public spaces ...

Green passports will likely take the form of an application on one’s cell phone, in order to guard against forgeries."

Therefore, in the path toward the "Mark of the Beast", COVID-19 developments are pushing us toward the economic system of an inserted chip, without which no one can "enter shopping malls, cultural venues" ....!

**Former CDC Director Says ‘Immunity Passports’ Could Help US Get ‘Back To New Normal’**

■(DailyWire.com, 12/24/2020) - Dr. Thomas Frieden told CBS that “done right, immunity passports could be one of a series of things that could help us get to a new normal as soon as possible.”

“We don’t know if this is going to happen, but fundamentally we’re seeing companies and countries giving people a certificate of vaccination,” he said. “The risk of this is it will make inequality even worse. If people have both susceptibility to the virus and less access to the vaccine, they’ll have even more problems.”

Dr. Frieden, who was director of the CDC from 2009 to 2017, said for the passports to work, there would need to be “absolute privacy,” adding that the vaccine should be “absolutely opt in.” ■

Pastor’s Letter

(Continued from page 3)  
May we be brave to speak with wisdom and discernment, and to live these days with hearts of compassion and love. May we be strong to follow God’s voice, even when it’s not the most popular choice in our culture.

I was reminded this morning, “*The king’s heart is in the hand of the Lord, like the rivers of water He turns it wherever He pleases.*” Proverbs 21:1

**God’s got this. He’s got us.** He is powerful and able to do far more than we could ever imagine.

Like most ministries, our support comes from people of faith who give as the Lord directs them. Every year since 1981, this ministry has grown in it’s outreach. I genuinely believe that *Today the Bible and You* is needed now more than ever! The world is getting darker daily, almost hourly, but never has the light of God’s Word shone so

brightly. Never in our history has there been such a thirst for Truth and a need for a Savior!

As you can see through our FrontPage newspaper, God has been using YOU as a channel of blessing and a beacon of Light to thousands of people all over the world. From India to Myanmar (Burma), to Peru, the Philippines, and now Russia and Africa, your donations are being used to provide shelter, food, and education, and most importantly, *to share the light of the Gospel ...* and so much more.

My heart is so moved when I talk with many of you on the phone and hear that you pray for me and the work here EVERY DAY. Every week we speak with believers around the world and we are encouraged at what God has chosen to do through all of us. Recently, it was a great joy to listen to a Korean pastor in New York City as he told me that they pray for me BY NAME EVERY SINGLE MORNING at 6:00 a.m. *That thrills my soul.* I thank my God for all of you and the prayers you offer on my behalf and the

work of this ministry of faith. Many times it is absolutely overwhelming to see the graciousness of the Lord Jesus being shown through you. Thanks! I pray this prayer for you:

*“Beloved, I wish above all things that you may prosper and be in health, even as your soul prospers.” — 3 John 1:2*

Will the State Get Your Property?

If you die without a will and don't have any family, your property will "escheat" into the state's coffers.

Are you considering the future and what legacy you will leave with the resources God has given you?

Many of God's people want what the Lord Jesus has given them to continue furthering the work of God after they are called home. In their will, many choose to carefully share what God has given them with their family, but also to be generous with continuous service to God's work of faith. They decide to leave a bequest in their will to *Today the Bible and You*. This is something that can easily be done, taking simple language and incorporating it into their will. They are delighted to be able to continue to pour into ministries like *Today the Bible and You*, because they see the difference in reaching out through various ministries around the world..

If you feel God is leading you to support us in this outreach, a charitable bequest is one of the easiest and most flexible ways that you can leave a gift to further God's kingdom that will leave a lasting impact. A charitable bequest, put simply, is a gift you give to a charity through your last will and testament.

The benefits of a bequest include the following:

- Receive an estate tax charitable deduction
- Reduce the burden of taxes on your family
- Leave a lasting legacy to *Today, the Bible & You*

You can include language in your will or trust specifying a gift to be made to family, friends, or *Today, the Bible & You* as part of your estate plan. Learn more about making charitable bequests to *Today the Bible & You* by calling

# Astronomy Reveals CREATION

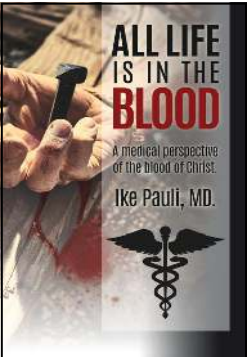

What does astronomy have to say about the truth of the Bible?

Many people use astronomy to challenge Scripture, but what do the heavens actually reveal? Dr. Jason Lisle explores five "secrets of the cosmos" to find out. Throughout his presentation, Dr. Lisle demonstrates how the universe declares the glory of God and how the Bible can be trusted when it discusses the basics of astronomy. It is also accurate when it speaks to the age of the universe, the uniqueness of Earth, and the issue of distant starlight. Dr. Lisle confirms that when we really understand the Bible and the universe, we find that the scientific evidence lines up perfectly with Scripture. When it comes to astronomy - the Bible is right!

# All Life is in the Blood

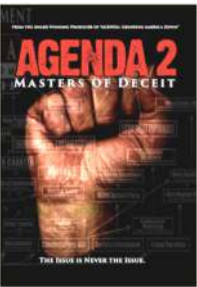

*All Life is in the Blood* shares the personal and professional experiences of Dr. Ike Pauli from his years in the medical field. Within the medical field, blood is a constant. Blood and the heart are what keep humans alive. The blood tells so much about the human body. Just as blood is essential for humans, the blood of Christ is the cornerstone of the Christian faith. Despite this, few truly understand the secrets of the life-changing powers and principles found within the blood of Jesus. His experiences share how blood plays a huge role in the life of a human, and how the blood of Christ is essential to the life of a Christian. Our faith rests on the Lord's sacrifice for us. Join Dr. Pauli for the opportunity to encounter the life within the blood of Christ through the unique take of medical knowledge and testimony.

# AGENDA 1 & AGENDA 2

If you ask most anyone they will tell you point-blank that communism is dead. Since the Berlin Wall fell, many people reason, communism has been gone and couldn't ever return.

Join former Idaho state representative Curtis Bowers as he heads out again to expose the Masters of Deceit and their purposeful, premeditated, treasonous attacks on our freedom. This documentary reveals the endgame of the Socialists and Marxists: **One world government.** This powerful expose' of the Socialist and Communist agenda to take over America and take her down is a brilliant history lesson. The world awaits a crisis that will speed this event. There is an agenda and it is rooted in Communism.

Bowers believed that freedom and morality in America was slowly being "grinded down" by people with a very specific agenda. As he began to realize that what was happening was not accidental, he began to see the hidden agenda that's been hidden under our noses this entire time.

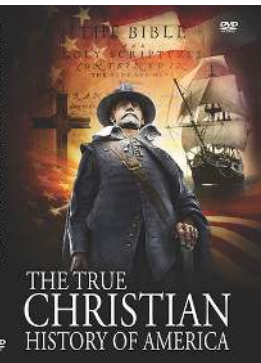

Bowers shines a light on some of the horrible tragedies and agendas taking place in our country right at this very moment.

As Bowers shows, *the issue is never the issue.*

While it's easy for us to proclaim communism is dead and that America will be fine, Bowers creates a compelling case for why we need to do something about it **now**. This is a very real issue and if we don't act now, when will we be able to? *Agenda 1 — 90 min / Agenda 2—85 min.*

# THE TRUE CHRISTIAN HISTORY OF AMERICA

By Christian Pinto

*The True Christian History of America* is a powerful documentary, showing the Bible-based Christian origins of the early American view of freedom, tracing the principles of liberty back to England and the great Reformation.

For many years, Americans have been taught in our schools and universities that the founding of our Republic was the result of the Enlightenment from France, or from the deists of that time. *But is that truly the case?* Did the Enlightenment first declare no taxation without representation? Or trial by jury? Were they the champions of freedom of speech, or of the press? And why did Samuel Adams declare that the “reign of political Protestantism” would commence, just before signing the Declaration of Independence?

Filmed on location in the United States, as well as in England, Switzerland, and the Czech Republic, this insightful documentary contains unique interviews with experts from around the world, who relate how the champions of the Gospel pursued the cause of freedom across the centuries, and how it is their beliefs which are enshrined in the Declaration, the Constitution and the Bill of Rights.

At a time when America and the principles of freedom stand in peril, it has never been more important for the Christian world to reclaim its historic heritage. This documentary is perfect for churches, Bible study groups, homeschool parents, or anyone who desires to learn a detailed history on the influence of Christianity in the United States. *150+ minutes*
